

Profile:

I am currently in 3rd year of the BSc (Hons) Interactive Media Design course at Napier University.

I'm a hard working, resourceful person and passionate about design. I strive to achieve the best results from every project I undertake.

At 30, I have greater life experience and responsibilities that keep me highly motivated and focused on my long-term goals.

Working as a media designer has enabled me to explore these in various ways, amongst them: problem solving, aesthetics and interactivity.

My outlook is fresh and open-minded, traits that are reflected in my work. I look forward to each new challenge, confident in my abilities but always keen to learn and develop.

Skills:

- ⇒ Proficient understanding of the design process from initial concept to end product.
- ⇒ Knowledge of user-centered design principles, web standards, current trends in web technology, and issues of cross-platform and cross-browser development.
- ⇒ Knowledge of Windows and OS X hardware: setup, maintenance and troubleshooting.
- ⇒ Understanding of Interface design and navigational devices.
- ⇒ Knowledge of usability issues surrounding screen design.
- ⇒ Highly developed colour skills and design knowledge.
- ⇒ Verbal and written fluency in English and Portuguese.

Projects & Freelance work:
